

# **Mosaic Project Reflection**

## **Part 1: Reflect and write about your experience on the mosaic project:**

- Please share your thoughts on the mosaic project so far, what has it meant to you to be part of the project?
- What has the opportunity to work with mosaic artist, Luigi Gobbo, taught you, and what have you learned about the mosaic process?

## **Part 2: Reflect on the finished mosaic. Please answer/add Part 2 questions now that the project is complete:**

- What was your favorite part of this project and what are you most proud of?
- Is there anything you would do differently or anything else you would like to learn about mosaic art?
- Would you consider making a mosaic again?
- Is there anything that you would especially like to thank Lui for teaching you about mosaic art?
